Good Morning.

My name is Marie Hollowell
I live at 12709 Faulkner Lake Road - StoneLinks subdivision.

When will Faulkner Lake Road - the flooding issues and the amount of trash be addressed again? We have been told on numerous occasions that the road would be raised to alleviate the flooding problem and that crews would work to keep the area clean. The amount of trash along Faulkner Lake Road is horrible. As for the flooding problem, a small portion of the road as you enter Faulkner Lake Road heading south of I-440 has been raised and appears to have alleviated the flooding for that section, however, the adjacent strip of road is still flooding and on some days creates a dangerous situation for drivers. When can we expect these two concerns to be corrected?

Thank
Marie Hollowell
